

Are you wondering how your child/children will cope returning to school?

SENDIASS, SPCN and specialist services in the LA would like to work together to support families with the transition back to school.

First of all, we need to clearly understand all your concerns.

We'd like to invite you to an informal online chat so you can tell us your views and questions and so we can explore some ideas together for what our services could offer you later, to help you and your family.

We want your ideas to drive this support.

Alternatively, comment on this post, direct message or email at:
